# Master mirror makers

Deknudt Mirrors is a family owned and Belgian based mirror maker brand, that develops and produces premium, precision crafted mirrors. Since 1946, we unite functional perfection with **unseen designs** for great interiors. Our mirrors are created by our in-house designers, or in close and respectful cooperation with international designers. Our **Master mirror makers** proudly produce them using only the best European glass.

Your mirror is a valued element in your home. Consciously and unconsciously you will see it every day. It is a part of your interior and since 2022, we offer solutions for your outdoor living space as well. A mirror contributes to creating the **atmosphere** which makes you feel at home. It **catches and reflects light** and so helps you to create the feeling of more space. It highlights your favourite corner in a unique way. It will **make you look great** before you go out.

We are inspired by aesthetics and **motivated by quality**. We guarantee that quality with a 7 year warranty on each mirror that we produce and a 2 year warranty on outdoor mirrors. When it comes to mirrors, we are very pleased to be at your service.

# About us

## About us

# Master mirror makers

You will find Deknuidt Mirrors all over the world. Since 3 generations, we make our mirrors in our authentic atelier in Deerlijk, a small village in Belgium. Every single mirror goes through the hands of our skilled and experienced craftsmen that we proudly refer to as our Master mirror makers.

Our goal is for our mirrors to grow old with you.

Besides the fact that our mirrors will last for many lifetimes, they are among the most environmentally friendly on the market. The manufacturing process in our own ISO certified, Belgian plant complies with the strictest environmental legislation. We combine traditional crafts with the most recent technologies to create our collection of unseen mirrors for great interiors.

# Reflecting our commitment to the planet

In our clear goal to minimise our ecological footprint, we keep track of the achieved milestones over the last few years.

These were the key figures and attention points:

- 3800 solar panels
- 25% reduced energy consumption
- Strongly reduced water waste
- Eliminate harmful substances
- Electrical cars and bike leasing
- People first
- Eco friendly packaging

Read the full report on our website on [www.deknudtmirrors.com/sustainability](http://www.deknudtmirrors.com/sustainability)

# Design studio

Designers are the heart of our company and the start of every new idea. From the first pencil sketch to a finished mirror.

Next to our in-house designer Esther, we are proud of our many partnerships with international designers.

Discover their stories on our website.

# Deknudt for projects

Our mirrors are a statement piece in many interiors around the world, ranging from unique residential projects to hotel chains such as Euro Disney Hotel, Marriott, Hilton, Kempinski, and Sheraton, to name but a few.

You've come to the right place if you are looking for premium made-to-measure mirrors in Europe or anywhere else.

# Louise Mertens

➤ Connect

Louise Mertens runs a fine art studio based in Antwerp, Belgium. Her work became a trademark of herself and her admiration for purity. Louise creates a new metamorphosis by combining her manual paintings, photography and digital techniques into carefully curated and sophisticated work.

The Connect mirror represents a composition of black and transparent shapes working together with a clear mirror surface.

# Studio Segers

› Luna Round, Corner & Rect.

Studio Segers is a Belgian creative studio for architecture, product design and graphic design. In 2022, its founder Wim Segers received the prestigious Henry van de Velde Lifetime Achievement award. Respect for craftsmanship and tradition are their basic values.

Luna is an architectural, minimalist sculpture, stripped of anything superfluous.

105 × 2,5 × 105 cm

# Laurène Guarneri

➤ Matin

Laurène is an artisan and designer, based in Paris, France. She has always been fascinated by the reflection of light on mirrors and finds her inspiration in poetic moments of everyday life.

Matin is inspired by dew drops on a magical morning. Laurène froze this moment to integrate it into our interiors, allowing us to hold onto the beauty of this wonder. The dewdrops intrigue, attract and draw you in.

# Velvet

Velvet Hall

# Jeffrey Huyghe

» Ray

Jeffrey is driven by a passion for engineering. His profound understanding of production processes, mechanics and materials, empowers him to push limits and challenge conventional boundaries.

Ray is the successful result of Jeffrey's dynamic cooperation with Deknudt Mirrors. Each lamella, with its consistent and evenly patterned placement, adds to the graphical rhythm on Ray's reflective surface.

Mesa: 100 × 35 × 85 cm  
Hoop L: 105 × 2 × 105 cm

# Esther Everaert

In-house designer

↘ Ornato, Calco, Finestra, ...

Esther is the creative drive behind Deknudt Mirrors. She combines design, strategy and technology and aims for a connection on a deeper level with our customers, thanks to well-thought-out, timeless and unseen mirrors.

In her role as head of design at Deknudt mirrors, she coordinates collaborations with our external designers and designs a handful of new mirrors every year.

The beautiful Ornato is a perfect example of re-interpreting our 80 year old technique of hand-applying gold metal leaf into an unseen mirror.

# Instructions

# Care instructions

See website [deknudtmirrors.com/faq](https://deknudtmirrors.com/faq)

## 01. Cleaning the mirror

The best way to clean your mirror is to polish it with a cloth that was slightly moistened with hot water. Then rub it dry and your mirror will shine like it used to. You should avoid the use of glass cleaning products. They are too aggressive for the reflecting layer of silver.

## 02. Storage

Store the mirrors in an upright position and in the original packaging.

## 03 Label

Do not stick any labels on to the frame of the mirror. Attach them to the mirror glass instead. This will allow you to peel off the label more easily.

# Suspension system

See website [deknudtmirrors.com/faq](https://www.deknudtmirrors.com/faq)

For all our suspensions systems, the matching accessories and suspension instructions are always included in the packaging of the mirror.

Rotating the washers allows minor adjustments to the level of the mirror. Mirrors that can be installed leaning against the wall are equipped with anti-slip and safety chain.

You will find helpful videos and advice on our [faq page](#) and on the [product page](#) of your mirror.

Replacing mirrors without drilling new holes is now possible with our flexible and fast, easy suspension system. Check our website for more information.
