

CONNECT COLLECTION

by Louise Mertens

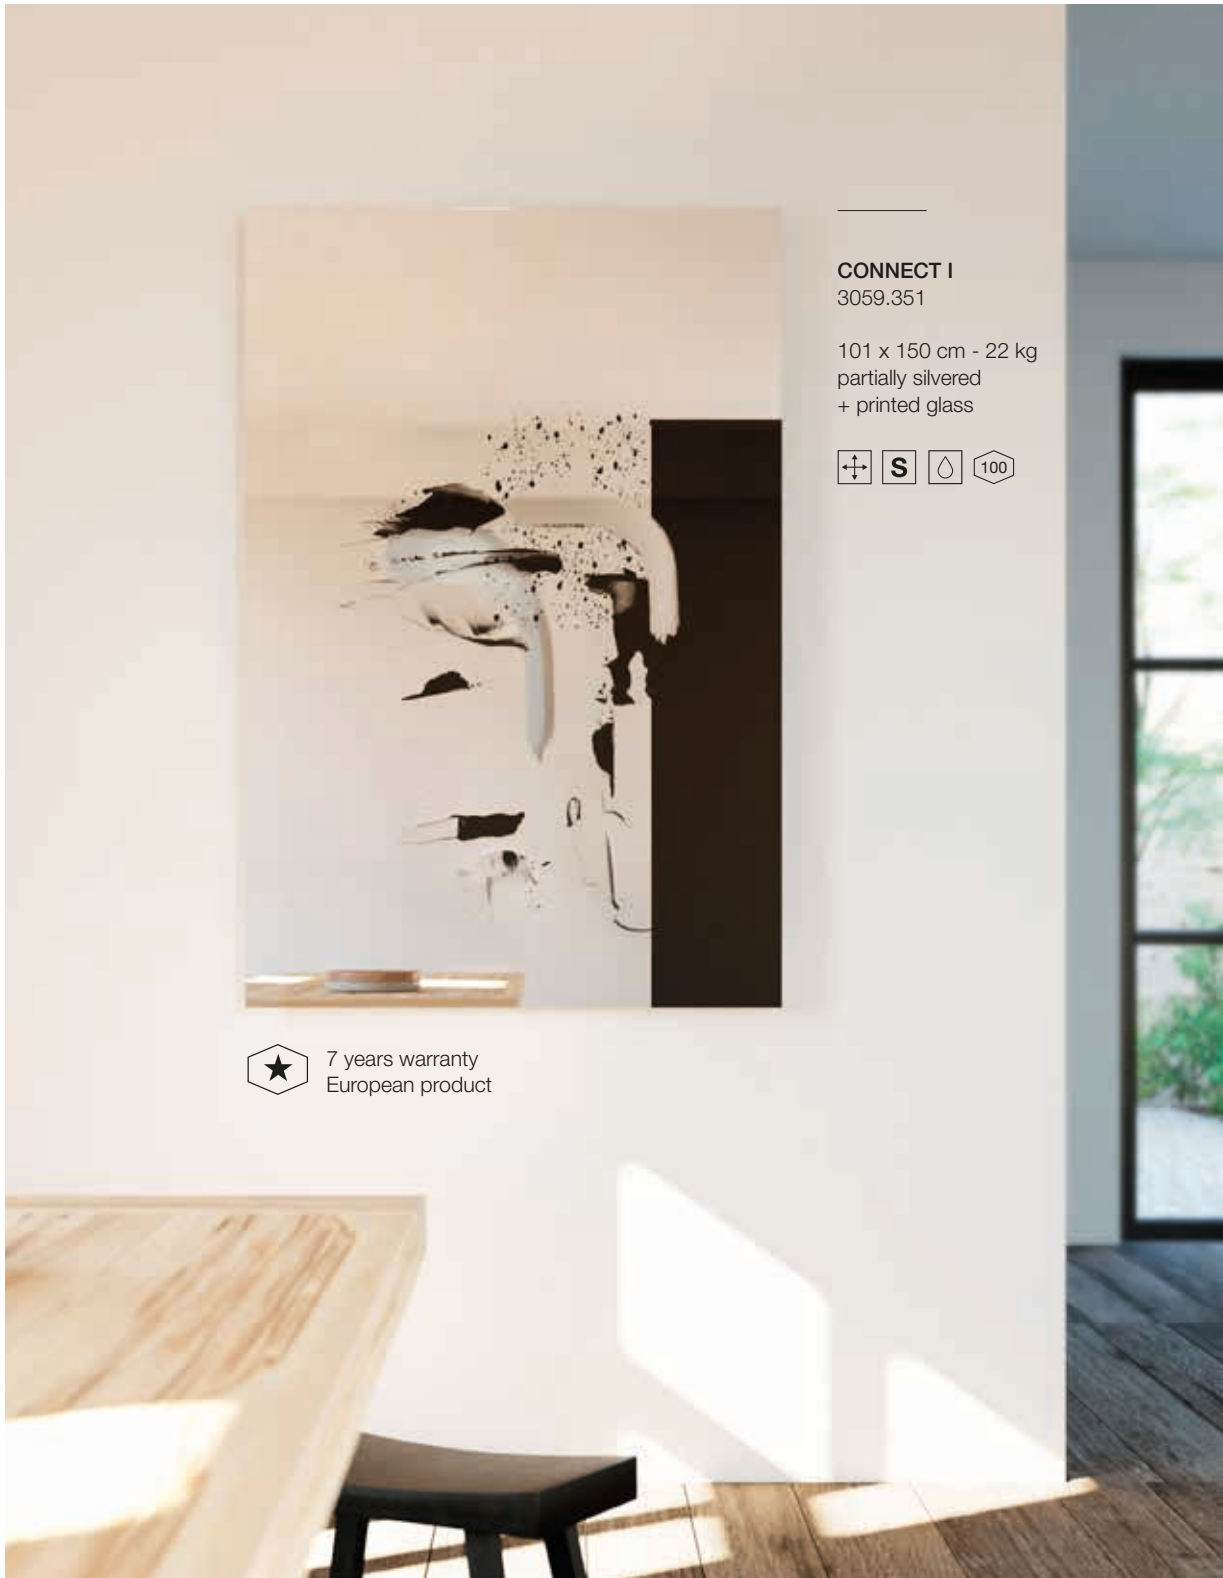

We explore new boundaries by inviting promising graphic designer and artist Louise Mertens into the universe of mirrors.

Louise Mertens runs a fine art studio based in Antwerp, Belgium. Her work became a trademark of herself and her admiration for purity. She is **inspired by the minimal** and works with different textures where she eliminates until the purest form.

Together with Deknudt Mirrors, she has **turned a mirror into a piece of art.**

European product

CONNECT

The Connect collection brings art into your home. It perfectly combines the graphical shapes of Louise Mertens with reflective surfaces. A composition of black and transparent elements working together with clear mirror pieces. Subtle details such as the structure of the paper, which was the base of the drawing, give that extra texture.
