bathroom mirrors

Every bathroom needs a mirror, but not every mirror is suitable for a bathroom. Moisture and heat can affect the quality of your mirror.

Next to our **B.Light** and **B.Ambi bathroom solutions**, our website shows you all our standard mirrors that you can place in the bathroom without fear of corrosion or the effects of moisture. You will also notice we offer most of our bathroom mirrors **customized from 1 single piece** onwards.

We produce every single mirror in this overview in our own **european** facilities, enabling a **7-year non-corrosion guarantee**. All details also to be found on our **website** under **PRODUCTS | bathroom mirrors**.

B.LIGHT COLLECTION

Bathroom Mirrors with Functional Lighting

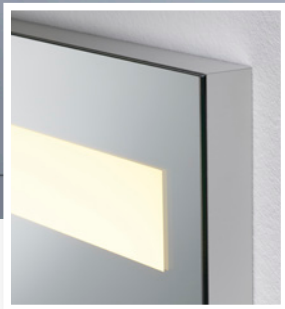

B.LIGHT

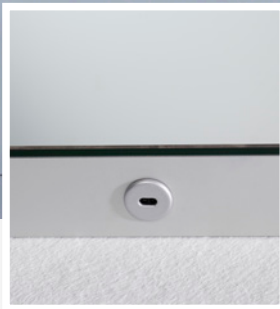

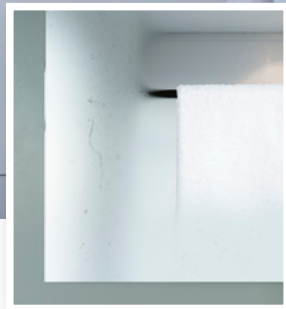

B.LIGHT.2
2802.294
