Mirrors

outdoor mirror collection

outdoor use

The first design mirror specifically developed for outdoor use. Enlarge your garden or terrace, create a window to catch more light and discover beautiful hidden spaces.

the frame

The mirror is very sleek and comes with a high-quality aluminium frame in a satin black finish. It is recessed slightly so that it is well protected, but appears to float within the frame.

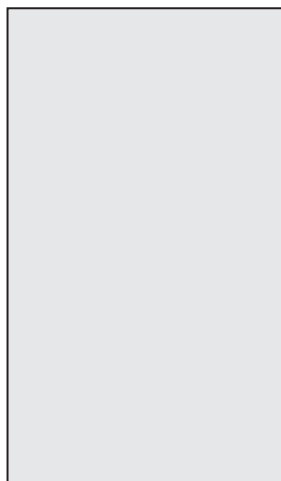

weather proof

Rain-, sun- and windproof thanks to its specially treated silver surface and its extra secure outdoor suspension system.

different sizes

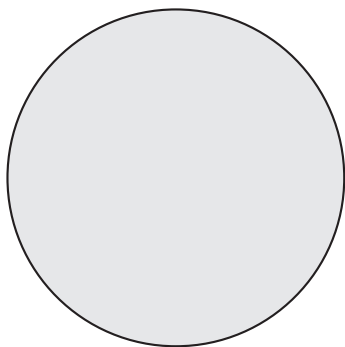

If none of the 4 standard sizes work for you, we can make it to your preferred size. The mirror can be hung in either portrait or landscape.
